Parking & Entrance

Please Park at the farthest end of the parking lot by the last door (east door). Do NOT enter through the main doors (west door) to the building, this is for our clinic kids that are immunocompromised.

Lab & Clinicals

During lab and clinicals you must be in clean, well-fitting, solid color scrubs. For clinicals you will need to bring a lunch. During Labs you will be able to leave during lunch if you choose. **All clinical sites, dates, and times are subject to change until the third week of class.**

In-Person Attendance

Attendance to all In-Person sessions listed on the calendar is ***required*** for this program. Unexcused absences or tardiness may result in dismissal of the student. If you need schedule accommodations ahead of time (prior scheduled doctors' appointments, transportation for children, etc.), please contact us to see what accommodations may be possible.

At Home Theory

All at home theory is asynchronous and on your own time. However, pay special attention to the assignment due dates to ensure your work is being completed on time.

Online Orientation

For those who have an hour or more commute to NTSOC, an online orientation is an option. However, an online orientation ***must be requested by the student***. Online orientation is not recommended if you are not tech savvy. For those completing an online orientation, you will receive all of your orientation materials via email. Online orientation is pre-recorded and can be done on your own time, but must be completed by the end of the day that orientation is listed on the class calendar. If you have any questions during orientation, or did not receive all of your orientation materials, please email cnamail@ntsoc.com.
